VILLIAMS

ELOID

**Quick Drying Enamel for
Woodwork ... Furniture ... Walls**

Bright, sparkling Enameloid is a decorative enamel anyone can use. It covers solid in one coat. Brush marks disappear, leaving a porcelain-like finish that resists abuse. Use it on woodwork, furniture, walls and toys. Unexcelled quality at popular prices—why pay more?

FOR REAL EASY SPRING CLEANING

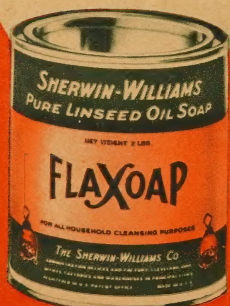

SHERWIN-WILLIAMS FLAXOAP The Pure Linseed Oil Soap

It's quicker, easier to clean painted, varnished, enameled or lacquered surfaces with S-W Flaxoap. Flaxoap comes as soft jelly paste. A small lump is dissolved into a pail of warm water. Made of pure linseed oil, it contains no free alkali, no adulterants. Flaxoap cleans quickly, safely and efficiently. Economical—a little goes a long way. Use Flaxoap for floors, woodwork, furniture and rugs. Use it, too, for windows, glassware, dishes, tile, bric-a-brac, etc.

SELF POLISHING FLOOR WAX

SHERWIN-WILLIAMS FLO-WAX

To wax your floors you simply spread on a coating of S-W Flo-Wax with the lamb's wool applicator. Leave it for 15 or 20 minutes and you'll find that the wax has dried to a glossy sheen that requires no additional rubbing or polishing. Absolutely non-slip and will not water spot. For linoleum, composition or wood floors. Pint size enough for two or more applications to floor of average kitchen.

GIVE NEW SPARKLE .. LIFE .. TO FLOORS,
FURNITURE, WOODWORK

VARNISH STAIN

SHERWIN-WILLIAMS

FLO-LAC

When floors are worn, discolored, scuffed, when stair treads, window sills, have become dead-looking, or when tables, chairs lose their life and lustre, it's time to use Sherwin-Williams Flo-lac.

Flo-lac Varnish Stain is the ideal, low-cost way of restoring good color and a fine rich gloss to worn floors and woodwork. Stains and varnishes in one operation. Spreads easily. Dries quickly. Highly water-resistant. Easy to use. A pint covers about 62 square feet.

On badly discolored or previously painted surfaces, use S-W Flo-lac Ground Color and Flo-lac Graining Preparation.

The Finish That's Amazingly

FOR PAINTING WALLS,

SHERWIN-
WILLIAMS

Semi-Lustre.

- Walls painted with Semi-Lustre wash easily and repeatedly with soap and water.
- Economical to use.
- Washes clean. Even ink stains come off easily.
- It's the correct finish for Radiators. Increases heat radiation 20% over metallic and bronze paints.
- Twelve beautiful tints.

WASHABLE

WOODWORK AND RADIATORS

THE CHOICE OF LEADING INTERIOR DECORATORS

Here's an outstandingly beautiful semi-gloss finish that's easy to keep spotless . . . bright . . . lustrous. Just wash it clean as often as you wish with soap and water. A whisk of your washcloth and dust, dirt, fingermarks, grease, stains, even ink spots disappear! Easy to apply . . . inexpensive to use . . . surprisingly long-lived. Comes in 12 beautiful tints that lend themselves to modern color schemes.

Use Semi-Lustre for bathrooms, kitchens, stairways, nurseries, recreation rooms—wherever you want greater cleanliness and cheerfulness. One quart of Semi-Lustre covers 125 square feet of surface. Prime new and unfinished walls with S-W Wall Primer and Sealer.

QUART \$1.15

Also available in Half-Pints, Pints,
Half-Gallons and Gallons.

Why

ARE MORE HOMES *than with any other*

A simple question—and just as simply answered. SWP gives every homeowner each and every feature he wants in a fine house paint!

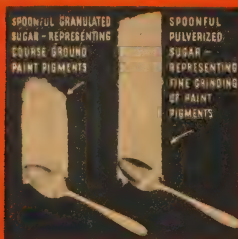

Beauty . . . color . . . richness of finish . . . SWP has them plus. Complete and lasting protection . . . SWP has a tougher, "tighter" protective film of unequalled durability. Economy . . . SWP covers more surface with a thicker blanket of paint per gallon; is quick and easy for the painter to apply; and finally, it's washable.

1. Finest Ingredients

Each ingredient in SWP is a highly specialized product—specially made for use in SWP and produced from the finest raw materials . . . lead and zinc ores from Sherwin-Williams mines; flax-seed from the northwest; reds, blues, yellows, greens—all of Sherwin-Williams own make. Furthermore SWP is fortified with "Ozlo"—a special lead-zinc pigment used only in SWP.

2. Manufacturing Skill

The knowledge and manufacturing skill gained by Sherwin-Williams paintmakers and the standards developed and improved over 60 years time cannot be duplicated overnight. SWP House Paint—like a fine automobile or a fine watch—possesses many important advantages not found in ordinary paint. These qualities in SWP mean greater value for your money, better protection for your home and more lasting satisfaction from your purchase.

Extra grinding of SWP pigments assures better coverage.

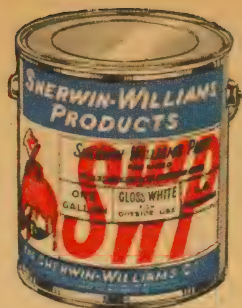

SWP has greater "hiding power" . . . covers better.

SWP colors combine beauty, uniformity, permanence.

PAINTED WITH **SWP** brand of PAINT?

SWP HOUSE PAINT

—the best and most
economical paint
protection you
can buy.

3. Greater Economy

There are 800 square feet of beauty and protection at less than $\frac{1}{2}$ c per square foot in every gallon of SWP House Paint.

4. Finer Appearance

Your own eyes will discover the greater beauty of SWP. It is famous for its fine appearance . . . the clarity and permanency of its colors. S-W ingredients, S-W colors, S-W formulation insure the beauty of SWP.

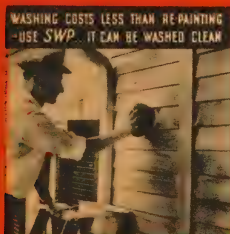

5. Greater Durability

The many pigments in SWP work together to give America's most widely used house paint a durability famous among quality paints. This means greater resistance to weathering . . . longer lasting protection to your home.

6. Smoothness, Washability

House paint should chalk moderately in weathering. Excessive chalking and checking roughens the paint so that it catches dirt. SWP retains its smoothness. Many people wash SWP houses with soap and water keeping them new looking, year after year.

Available in all sizes from pints to barrels.

You can wash SWP easily
and save a repainting.

SWP retains its smooth,
beautiful surface.

Ask for this book. It tells how
to choose a real quality paint.

New Beauty for Brick, Cement and Stucco

SHERWIN-WILLIAMS

STUCCO AND CONCRETE PAINT

Unpainted bricks absorb as much as 10% of their own weight in moisture. A damp house is uncomfortable, unhealthy and hard to heat. S-W Stucco and Concrete Paint moisture-proofs brick surfaces.

A Lasting Beauty Treatment for Your Home

Brick, stucco, and concrete look so much more beautiful when painted white or in colors with S-W Stucco and Concrete Paint. And they need the added protection too. This fine water-tight oil paint

stops penetration of rain and moisture completely. Keeps the house dry inside. Hides small cracks. Has a beautiful, long-lived semi-gloss finish.

S-W Stucco and Concrete Paint costs no more to apply than perishable "lime washes" which fail to give you either lasting beauty or protection. Why not get double value for your money?

In white and eight attractive colors. Ask for color card.

Beautifies . . Preserves SHERWIN-WILLIAMS SHINGLE STAIN

Give new life and color to the shingled roof and sidings of your house with S-W Preservative Shingle Stains. They provide complete protection without hiding the natural beauty of the wood. Won't taint rain water. Never washes off. Deep penetration and enduring colors are correctly styled . . . economical.

Browns and Red, per gal. \$1.40
in 5 gallon containers.

One gallon cans and Green and Gray slightly higher in price.

At This Special Price You Can Buy FINEST QUALITY

SHERWIN-WILLIAMS

Porch and Deck Paint

For the hard wear it gets, your porch needs this solid-covering, wear-resistant porch and deck paint. It protects against warping and decay. Its high gloss adds beauty and makes washing easy. Stands repeated scrubbing. Dries to walk on next day. Economical, one quart covers 150 sq. feet.

Special
for limited time only

TONED...GLARELESS

background for living rooms and bedrooms

**SHERWIN-
WILLIAMS**

FLAT-TONE

Artistically correct in color, beautifully rich in finish, S-W Flat-Tone turns your walls into charming backgrounds that bring out the best in your drapery and furniture. Its velvety smoothness diffuses light softly and evenly throughout your rooms . . . helps make them restful, livable.

It's so easy to keep Flat-Tone fresh and lovely. Just wash it with simple soap and water . . . it won't rub off . . . retains its colorful beauty though cleaned repeatedly.

You'll be delighted, too, with the real economy of Flat-Tone. It's a far-spreading paint that covers solidly. One gallon paints perfectly approximately 500 square feet of surface.

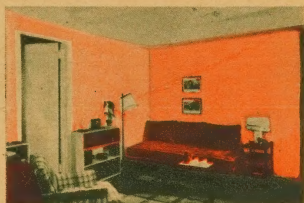

Flat-Tone comes in 16 pastel shades that lend themselves charmingly to any color scheme.

If your walls have never been painted, or if the present paint is porous—prime them first with S-W Wall Primer and Sealer.

ONE QUART **85^c**
Available also in 1/2 gallon,
1 gallon and 5 gallon sizes.

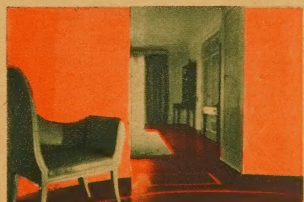

Flat-Tone painted walls "set-off" draperies perfectly.

There's no more beautiful background for your furniture than Flat-Tone!

It's a pleasure to dine in a room with Flat-Tone painted walls.

Flat-Tone diffuses light softly evenly . . . saves your eyes.
